

Auguste Philippe von Hemert Weds Miss Ogden of This City

Mrs. AUGUSTE PHILIPPE von HEMERT

Simplicity Marks Marriage of
American Girl to Prom-
inent Parisian.

Simplicity marked the wedding of Miss Adelaide Houth Ogden, daughter of Mrs. John Houth Ogden of No. 883 Park Avenue, to Auguste Philippe von Hemert, son of Philippe von Hemert of Paris, yesterday at 4.30 o'clock in Calvary Church. The ceremony was performed by the rector, the Rev. Dr. Theodore Hodgwick. Many relatives and friends were present. Owing to the recent death of Mr. Ogden there was no reception. The bride was given in marriage by her uncle, J. Whiton Stuart. The bridesmaids were Miss Geraldine McAlpin and Miss Anita von Hemert, sister of the bridegroom. Helena Phelps, daughter of Dr. and Mrs. Gouverneur Morris Phelps, was flower girl.

Bartow Hall was best man and the ushers were Richard Keogh, Dr. Gouverneur Morris Phelps, Lieut. Commander Robert Emmet, U. S. N.; Luis Heemskeerk, Bashe McEl Whitlock and Constant Buehler. On their return from their wedding trip, Mr. and Mrs. von Hemert will live at No. 161 East 79th Street.

CHAUFFEUR KILLS WIDOW AND HIMSELF.

Mrs. Mustella Livingston, twenty-five, a widowed negress, who lived on the fifth floor of the tenement house No. 155 West 145th Street, was shot and killed in her home last night by William Grier, twenty-nine, a negro chauffeur. After firing two shots, one of which entered the woman's left ear and the other an arm, Grier pressed the muzzle of the revolver to his right temple and sent a bullet through his head. Both were dead when Dr. Condrazes of Harlem Hospital called by the police reached the house. The police were told they had quarrelled.

ADMIRAL SIMS ILL AT NEWPORT HOME

Wife Insists That Sea Fighter Is
Not in Serious Condition,
However.

NEWPORT, R. I., Oct. 28.—Rear Admiral William S. Sims is confined to his bed with what Mrs. Sims said was an attack of indigestion combined with a severe cold. He is under the care of a navy physician.

This attack came upon Admiral Sims yesterday, although he had been bothered with a cold that he caught recently. The pains were such from indigestion that, when a physician was summoned, it was deemed advisable to order the naval officer to bed.

Mrs. Sims told inquirers that the Admiral's condition was not serious, in her opinion.

N. Y. YACHT WRECKED IN FLORIDA STORM

JACKSONVILLE, Fla., Oct. 28.—The 60-foot motor yacht Kona was found wrecked on the jetties at the mouth of the St. Johns River, eighteen miles from here, early to-day, after the body of an unidentified negro, wearing a life preserver, bearing the name "Kona of Roslyn," had floated ashore near Mayport. No trace has been found of other members of the crew.

Shipping records give the home port of the Kona, the only vessel listed under that name, as New York, and show that she carried a crew of four. With other wreckage that floated ashore from the Kona, officials said they found a large quantity of bottled whiskey.

Printers Arbitrate Wage Scale.
Under Dr. John L. Elliott as Arbitration Commissioner the wage dispute between the employing printers in the book and job shops of the city and the compositors is now being considered. An increase in wages is sought by the compositors, and the employers demand a reduction. Both sides have agreed to abide by the decision of the arbitration conference.

FRIED OYSTERS

Golden brown and juicy. A real delicacy and a rare treat when seasoned with Lea & Perrins' Sauce, the Original Worcestershire. A remarkable aid to digestion.

Yesterday Calories—
today Vitamines—
but always Milk

MEN are finding out about food. Each new discovery is heralded as the greatest. One day we are told it is the "calories" that count. The next we learn that while "calories" are just as important as they were, there is another factor infinitely more essential—"vitamines."

This is the inevitable result of seeking for knowledge. It may seem as if we are going around and around in circles; but the circles are around the hill of knowledge and each one brings us nearer the summit.

But through all the discussions of food and food values, in all the books and lectures there runs one statement on which all dieticians agree. *Drink milk.*

Calories! Milk has an abundance. Vitamines! Milk contains all varieties of vitamins that have been discovered to date and in a natural form.

Whether you believe in the theories of food values or not, you must believe in milk if you study it. All theorists rank it as the best food in the world. But above all theories are the facts for all who care to seek them.

Milk should be a part of every diet, either as a beverage or included in other foods.
